### Quotation Window

Your used personal computer is quoted as:

Trade-in Quote     Min. ¥ 30, 000 ~ Max. ¥ 40, 000

Notandum

1. The trade-in quote represents a quote with purchase of a new commodity.
2. The final trade-in price will be determined in the range of the minimum value and the maximum value after the system makes an assessment of the used article.
3. Any malfunctioning used article is not the subject of trade-in.
4. The proprietary right to the used article is automatically transferred to the system at the time when the used article is delivered to the system.

FIG.23

A screenshot of a software window titled "Quotation Window". The window has a thin black border and contains the following text and controls:

- Quotation Window** (Title)
- Your used personal computer is quoted as:
- Trade-in Quote:    ¥5,000
- Notandum
  - 1. The current used article is poorly evaluated and is not the subject of cash-out without purchase of any new product but is only the subject of trade-in with purchase of a new product.
  - 2. Any malfunctioning used article is not the subject of trade-in.
  - 3. The proprietary right to the used article is automatically transferred to the system at the time when the used article is delivered to the system.
- Two buttons at the bottom: "Trade-in Request" and "Cancel".

The "Trade-in Request" button is a rounded rectangle containing the text "Trade-in" on the top line and "Request" on the bottom line. The "Cancel" button is a rounded rectangle containing the text "Cancel".
